Our teams handle multiple foods in our kitchens. Whilst we take the utmost care to avoid cross-contact, we cannot guarantee that a product is allergen free even when an ingredient is removed through customised orders. Our products are cooked in an oil blend that includes beef tallow. Although we take great care to remove all bones from our boneless products, some may remain.

Category name	Per Serving						
Boneless	Energy (kcal)	Energy (kJ)	Protein	Carbohydrates	Sugar	Fats	Saturated Acids
10 Boneless Plain	362	1,522	45.4	12.2	0.7	14.5	3.1
